Customer Problem Statement Template:

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love.

A well-articulated customer problem statement allows you and your team to find the ideal solution for the challenges your customers face. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

The image shows a digital form titled "Ideation Phase Define the Problem Statements". At the top, there are input fields for "Date" (31 January 2025), "Project Name" (Automating Employee Data), and "Maximum Marks" (2 Marks). Below these is a blue banner with the text "Customer Problem Statement Template" and a subtitle "Understanding your customer's needs and challenges to design better solutions." The form contains two example problem statements. The first, "Problem Statement (PS-1)", is on a yellow background and describes a college student struggling to manage tasks and deadlines. The second, "Problem Statement (PS-2)", is on a green background and describes a working professional struggling to maintain a healthy lifestyle due to a busy schedule.

Customer Problem Statement Template
Understanding your customer's needs and challenges to design better solutions.

Problem Statement (PS-1)

- I am a college student
- I'm trying to manage my daily tasks, assignments, and study schedule
- But I find it difficult to organize everything in one place
- Because I use multiple apps and often forget deadlines
- Which makes me feel: stressed and unproductive

Problem Statement (PS-2)

- I am a working professional
- I'm trying to maintain a healthy lifestyle while managing work
- But I don't have enough time to plan meals and workouts
- Because of a busy schedule and lack of guidance
- Which makes me feel: tired and unhealthy
