

User Acceptance Testing (UAT) Template

Date	04 April 2026
Team ID	SWTID-2026-4754
Project Name	Automating Employee Data
Maximum Marks	

Project Overview:

Project Name: Automating Employee Data Management System

Project Description:

This project is a web-based application designed to manage employee data efficiently. It includes features such as employee registration, login, data management, attendance tracking, and report generation.

Project Version: 1.0

Testing Period: 18 February 2025 to 21 February 2025

Testing Scope

The following features and functionalities were tested:

- User Registration and Login
- Employee Data Management (Add, Update, Delete)
- Attendance Tracking
- Report Generation
- Dashboard View

The following user requirements were tested:

- Secure authentication system
- Accurate data storage and retrieval
- Fast system response
- User-friendly interface

Testing Environment

URL/Location: <http://localhost:3000> (or your project link)

Credentials (if required):

Username: admin@example.com

Password: 123456

Test Cases

TC-001: User Registration

Test Steps:

Step 1: Open registration page

Step 2: Enter valid user details

Step 3: Click register

Expected Result: User should be registered successfully

Actual Result: User registered successfully

Result: Pass

TC-002: User Login

Test Steps:

Step 1: Enter valid email and password

Step 2: Click login

Expected Result: User should be logged in and redirected to dashboard

Actual Result: Login successful and dashboard displayed

Result: Pass

TC-003: Add Employee

Test Steps:

Step 1: Navigate to employee section

Step 2: Enter employee details

Step 3: Click save

Expected Result: Employee record should be added

Actual Result: Employee added successfully

Result: Pass

TC-004: Update Employee

Test Steps:

Step 1: Select employee record

Step 2: Modify details

Step 3: Save changes

Expected Result: Employee details should be updated

Actual Result: Details updated successfully

Result: Pass

TC-005: Delete Employee

Test Steps:

Step 1: Select employee

Step 2: Click delete

Expected Result: Employee record should be deleted

Actual Result: Employee deleted successfully

Result: Pass

Bug Tracking

BG-001

Bug Description: Minor UI alignment issue in dashboard

Steps to Reproduce:

Step 1: Login to system

Step 2: Open dashboard

Step 3: Observe layout issue

Severity: Low

Status: Closed

Additional Feedback: UI improved after fixing alignment

BG-002

Bug Description: Error message not shown for invalid login

Steps to Reproduce:

Step 1: Enter wrong credentials

Step 2: Click login

Severity: Medium

Status: Closed

Additional Feedback: Proper validation message added
